

**Re: Endorsement of Kuth Consultants**

**To Whom It May Concern**

It is my pleasure to recommend to you KuTh Consultants. Kuth promised that they would review our costs and that they expect to help us make considerable savings. They also indicated they would help us with improving the effectiveness of our systems and processes. I can report that they did in fact do as they promised. To date I can confirm that savings were achieved in the region of R [REDACTED] per annum.

Results were quickly achieved. We were impressed by the level of commitment to the work that they showed. Consistently with every update, more savings were presented. Their work is professional and thorough, and as a team they have an impressive skills set.

Their thorough and unbiased approach in their engagements with suppliers ensured that only quality and well-priced suppliers are eventually utilised.

Whether you know you are paying too much for services and products, or even if you are not sure, I suspect that Kuth will find significant savings, and improve systems, in most organisations or companies. I am happy to recommend their services to you.

Yours sincerely
