

TOTAL ANNUAL SAVINGS ON BREAD PURCHASES

The following process was followed to achieve a substantial saving on the clients bread purchases:

1. The weight, number of slices and nutritional content of each loaf of bread was determined.
2. Like for like was then sourced to ensure there was no compromise in either quantity or quality of the product.
3. The end outcome was that the same supplier was used after better rates were negotiated.

Description	Current amount (per annum)	New amount (per annum)	Savings (per annum)	Saving %
Bread	R737 094	R599 992	R137 101	18,6%
TOTAL	R737 094	R599 992	R137 101	18.6%

To protect client and supplier confidentiality the amounts have been altered but the percentage saving remains the same.
